Experience:

Design Assistant

Boston University College of Communication
January 2017- May 2018

In the Marketing and Communications Office working underneath the Lead Designer, I provided branding concepts, drafted marketing materials, created and updated campaigns for school wide events. I learned about meeting with clients and colleagues, formatting files and images, as well as managing outside vendor services.

Production Assistant

Boston University College of Fine Arts
September 2017- May 2018

During my time working in the college's digital, relief, etching, and silkscreen printmaking studios I keep the studio in working order and assisted students with technique. Under the guidance of my supervisor I learned about large format digital printers, laser cutting and engraving techniques.

Art Specialist

Huntington YMCA, NY
May 2015- August 2016

Planned a 9 week Arts & Crafts curriculum for a summer camp attended by children aging 5-11. While managing stock of artistic materials at the camp, I learned about budgeting, writing up orders, and contacting suppliers. During the season I instructed arts and crafts for the campers.
